Duration Application Fee

The duration of the program is 48 months. It is possible to finish the whole program in 48 months, with a possibility to shorten it to 42 weeks.

The professors in this program will be from the Netherlands and the United States Of America all with a thorough knowledge on their specific business field and on research execution and reporting

The DBA program is aimed at post experience candidates with a Master degree. No specific field is required. The program is designed for part-time students. A workload of approximately 18 hours a week on average is expected. All applicants for the DBA program must complete an official application and must include: a complete CV, a letter (1 page) stating a preliminary research topic as well as the motivation for pursuing the DBA degree.

The tuition fee for the whole program will be announced later. There are various payment options. One possibility is a monthly payment during a period of 48 months. For more information please contact the financial department of ICUC.

The DBA program consists of seminars, monthly follow and progress sessions and individual (supervised) research activities resulting in a DBA thesis.

The seminars have a focus on

current issues in the main business disciplines. While the monthly sessions has a focus on research issues both practical and theoretical.

Doctorate Business Administration Program

2012 –2015

ABOUT IC-UC

The Curaçao Institute for Social and Economic Studies (CURISES), formally instituted in 1994, has changed the name into Inter-Continental University of the Caribbean (IC-UC or' isee yousee'). The University is currently offering a variety of programs, for example:

Master of Business Administration (MBA)

Bachelor of Business Administration (BBA)

Bachelor in Hotel Management

Accounting Bachelor programs (AA)

IC-UC organizes also seminars and workshops for the entrepreneurial and social community.

IC-UC is also an interesting partner in offering both customized training and short-term executive programs for the professional community.

DBA PROGRAM

In these programs, we place special emphasis on relevant research to actual business and management problems. The Inter Continental University of the Caribbean offers the DBA program and the degree in collaboration with international professors of the Netherlands, the United States of America and Curacao..

The mission of the DBA Program is to prepare managers with significant business experience to become engaged scholars and reflective practitioners. This is done by offering a structured doctorate degree program that is both rigorous and relevant, using a combination of limited course work and a high quality original research thesis. At the end of the program the candidate will have a thorough knowledge of practical research epistemology, methodology, strategy and an advanced knowledge in a particular chosen field of business administration.
